## THE BON TON GIRLS!

### THE FOLLOWING FROM THE COLUMBIA STATE:

#### AT THE GRAND

The show at the Grand this week is distinctly a success. Large and enthusiastic audiences both Monday and Tuesday bore eloquent testimony to the fact that tabloid musical comedy has been greatly desired in Columbia.

A word about the show. This week Crawford and Humphrey's Girls from Joyland are playing. The entire company has already won a place in the hearts of Columbians. They are decidedly a hit. The chorus is splendidly trained, nicely costumed and unlike most choruses, they are exceptionally pretty. Genial Jack Crawford is easily the hit of the show. But that's not surprising. He has a splendid personality and his black face act is as good as has been shown in Columbia in some time.

The show is clean throughout. It is on the same high plane as the bill of last week.

### REPORT IS DENEID BY MR. GENTRY

Says Dr. Tripp Is Not Running For County Treasurer's Office For His Son-In-Law

Mr. R. A. Gentry, who has been assisting Dr. Tripp during the county campaign, has handed us for publication the following signed statement: To My Friends in Anderson County: I understand it is currently reported over the county that my father-in-law Dr. Tripp, is running for the county treasurer's office, not for himself, but for me. I wish to correct this report and say there is absolutely no foundation for same, as I expect to return to Ridgeville in September to resume my duties as principal of the Ridgeville High School.

(Signed) ROBERT A. GENTRY

### Italy Is With England

Paris, Aug. 22.—The Rome correspondent of the Havas agency telegraphs that Count Witte, former premier of Russia, conferred today with the Italian foreign minister, Marquis San Giuliano.

### SIX AND TWENTY

Williamston, R. I., Aug. 22.—Crops in this section are at present looking very promising and if we have the good luck to have a late frost we will make an average crop.

Our farmers are already beginning to lay plans for the sowing of the biggest small grain crop that has ever been sown in this section. J. B. Stone and W. C. Barnett have been building a barn for A. M. Martin.

George Martin has begun the erection of a very large barn on his place just across Three and Twenty. This barn will be 60x60 feet, with a driveway into the upper story.

Mr. and Mrs. Eugene Nance, who have been visiting the latter's parents, Mr. and Mrs. G. B. Cobb, have returned to their home at Whitmire, S. C.

Walter Morris and wife, of Florida, have been visiting relatives here and in other places for the past several days. Miss Nettle Boles, of Greenwood,

who taught the last session of Melton school, has been visiting friends here for the last week.

Frank Mullikin is also ready to begin the erection of a six-stall barn. B. F. Whittaker and W. H. Elrod, our candidate for commissioner from this district, made a trip to Townsville last Friday. Owing to the many campaign meetings and other gatherings Mr. Elrod has not been able to visit some sections that he would have like to have visited, but we can assure every voter in the county that they will make no mistake by casting their ballots for him and such would meet with the approval of seventy-five per cent of the voters of this section.

The singing school here is being well attended and Prof. C. O. Milford is one of the best teachers that has ever been employed here.

Several of our young people have recently made a very pleasant trip to the mountains.

The recent series of meetings at this place resulted in seven additions to the church. Rev. O'Kelly, the pastor, was assisted by Rev. Crim, of Liberty and it is hoped that much good was accomplished.

The protracted meeting will begin at Friendship on the fifth Sunday. The pastor, Rev. N. G. Wright, will be assisted by Rev. D. J. Spearman

Here's hoping that on next Tuesday August 25, 1914, that every man who is entitled to vote in the primary will go to the polls and cast his ballot for the man of their choice for each of the several offices. The man who does not do that, has no right to vote, and should not be allowed to vote. We venture the assertion that there will be votes cast in South Carolina next Tuesday by men who cannot tell immediately after voting whom they voted for. Every man who cannot read and write should have his ticket examined by two or three other voters before placing it in the ballot box. "Be sure you are right then go ahead."

There's Jennings and Pollock and Smith and Blease Go to polls and vote for who you please As for me I'll vote for Cole L. Blease. W. C. B.

### SPECIAL JUDGE

Special to The Intelligencer. Columbia, August 22.—The governor today appointed C. M. Ebird of the Lexington bar, as special judge for the sixth circuit to take the place of the late Judge Ernest Gary. The state board of education meeting here fixed the date of the fall teachers examination for October 2.

### CENSORSHIP LIGHTER

Information for the United States May More Readily (By Associated Press.)

Washington, August 22.—Although final decision cannot be announced until word has been received from the German government, the administration today prepared to put into effect a more liberal censorship on wireless messages and abandon the idea of censoring cables.

Haniel von Halmhausen, German charge d' affaires, has communicated details of the new plan to his government. Embassies and consulates of all belligerents would be permitted to use the wireless to send code messages provided they satisfied the naval officer in charge at the receiving station of the neutral nature of dispatches.

The British government, it is understood, favors the plan so long as it prevents agents of any belligerent countries from sending information direct from the shores of the United States to ships at sea.

### Cossacks Giving Flight

Amsterdam, Holland, Aug. 22.—An official dispatch from Vienna says the vanguard of a Cossack division, reinforced by the infantry, was attacked yesterday by an Austrian vanguard. No locations are given.
